STANDARD FEATURES

MAXX MIX offers your choice of 2 container sizes to fit your exact needs.

64 oz/2.0 Liters (500 series)
 82 oz/2.5 Liters (600 series)

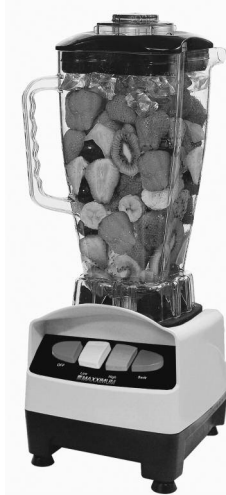

Powerful - The unique and powerful 2 horsepower motor provides exceptional performance and reduces down time. MAXX MIX is truly the best choice in commercial blenders.

Versatile- The powerful 2 hp motor lets you blend virtually anything that you may need. From salsas, fruits, soups and even ice for great frozen drinks, you can do it all in a MAXX MIX. It will be the only blender you will ever need.

Durable - Every MAXX MIX is over-built. It is made of polycarbonate to withstand the type of punishment that is required in a fast-paced environment. The stainless steel blade assembly is rust resistant and stays sharp longer than conventional blades.

Safe - Every MAXX MIX features an automatic shut off feature in the event of an overload.

Efficient - The unique design of the stainless steel blade is designed with precise angles to ensure consistent mixing every time.
